## Exhibitor Rules & Regulations

### Booth Construction

All booth displays must be constructed so as to appear “finished” on all sides that may be visible, including from all adjoining booths. For example, if the framework structure of a pop-up booth is visible from an adjoining booth, that framework will need to be covered so as to not detract from the appearance of the adjoining booth. All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring exhibitors, hall laborers or installation/dismantling equipment such as forklifts.

### Line of Sight

All exhibitors are entitled to a reasonable line of sight which varies by booth size and location. Generally, nothing should be over four feet (4') tall in the three feet (3') closest to the aisle. Regardless of the number of standard booths utilized, (e.g. 10'x20', 10'x30', 10'x40' etc.) display materials should be arranged in such a manner so as to not obstruct sight lines of neighboring exhibitors. The maximum height of eight feet (8') is allowed only in the rear of the booth space, with a four foot (4') height restriction imposed on all materials in the three feet closest to the aisle.

### Standard Booth

A standard booth consist of an area 10'x 10'x8' high. All display material over four feet (4') high, must be set back three feet (3') from the main aisle.

### Endcap Booth

An endcap booth is a 10'x20'x10' high booth exposed to aisles on three sides. The back wall is restricted to four feet (4') high within the three feet (3') closest to each aisle permitting adequate line of sight for the adjoining booths. The rest of the back wall can be no higher than ten feet (10'). Any portion of the back wall that extends beyond the eight foot (8') curtain must be finished (no exposed framing or structure) and may not carry any ad copy on the back side.

### Split Endcap Booth

A Split Endcap is a 10'x20'x10' high booth exposed to aisles on three sides and shares a common back wall with another Endcap booth. In both cases, the entire cubic content of the booth may be used. Any portion of the back wall that extends beyond the eight foot (8') curtain must be finished (no exposed framing or structure) and may not carry any ad copy.

### Peninsula Booth

Peninsula booths are any configuration of four or more booths exposed to aisles on three sides. Peninsula Booths are 20'x20'x16' high or larger. When a Peninsula booth backs up to two Standard Booths, the back wall is restricted to four feet (4') high within the three feet (3') closest to each aisle, in the back five feet (5') of the booth permitting adequate line of sight for the adjoining booths. The rest of the back wall can be no higher than sixteen feet (16'). Any portion of the back wall that extends beyond the eight foot (8') curtain must be finished (no exposed framing or structure) and may not carry any ad copy on the back side.

**Island Booth/Split Island Booth**

An Island booth is exposed to aisles on all four sides. A Split Island Booth is a Peninsula Booth which shares a common back wall with another Peninsula Booth. In both cases, the entire cubic content of the booth may be used up to sixteen feet (16'). Any portion of the back wall within five feet (5') of booth perimeter that extends beyond the eight foot (8') curtain must be finished (no exposed framing or structure) and may not carry any ad copy.

**Balloons**

Helium balloons may be used as booth decorations if securely fastened within the height restrictions of booth type, but balloon distribution is prohibited.

**Audio-Video/Music/Loud Demonstrations**

Expo management reserves the right to limit or restrict sounds from any source that interfere with activities in neighboring exhibits. In general, sounds should be no louder than 85 decibels. As a matter of safety and courtesy to others, exhibitors should conduct sales presentations and product demonstrations in a manner which assures all exhibitor personnel and attendees are within the contracted exhibit space and not encroaching on the aisle or neighboring exhibits. It is the responsibility of each exhibitor to arrange displays, product presentation and demonstration area to ensure compliance. Special caution should be taken when demonstrating machinery or equipment that has moving parts or any product that is potentially dangerous. Exhibitors should establish a minimum setback of three feet (3') and/or install hazard barriers as necessary to prevent accidental injury to spectators. Demonstrations involving sound need to be limited in frequency and are at the discretion of show management. Generally, a neighbor across the aisle should not be able to hear your demonstration.

**Hanging Signs and Graphics**

Whether suspended from above or supported from below, they should comply with all ordinary use-of-space requirements. The highest point of any sign in any booth should not exceed the maximum allowable height for that type of booth. Hanging signs and graphics should be set back a minimum of five feet (5') from adjacent booths and aisles. Multi-sided signs, projection screens or logos may not face an adjacent booth. This will include back walls, side panels, headers and towers.

**Floor Coverings**

All exposed floor area contained within the booth must be covered with carpet or other appropriate floor coverings.

**Variance**

Height variance fee is \$100. Expo management, in its sole discretion, may make exceptions to the height restrictions for some exhibitors as it considers advisable. Any exhibitor requesting a variance must submit the request in writing along with written approval from the exhibitors affected by the variance. Please send requests to [jgerman@bbiinternational.com](mailto:jgerman@bbiinternational.com).

## International Fuel Ethanol Workshop & Expo 2017

Minneapolis Convention Center, June 19 - 21, 2017

### EXHIBITOR APPOINTED CONTRACTORS

*Exhibitors may employ the service of independent contractors to install and dismantle their display, providing the Exhibitor and the installation and dismantling contractor comply with the following requirements:*

1. The exhibitor must notify Show Management and Valley Expo & Displays of the intention to utilize an independent contractor no later than 30 days prior to the first day of move-in, furnishing the name, address and telephone number of the firm.
2. The Exhibitor shall provide evidence that the Exhibitor Appointed Contractor has proper certificates of insurance with at least the minimum as described below, unless Show Management requires more.
  - a. Comprehensive General Liability not less than \$1,000,000 with respect to injuries to any one person in an occurrence.
  - b. \$2,000,000 with respect to injuries to more than one person in any occurrence.
  - c. Workers' Compensation Insurance including employee liability coverage in the minimum amount not less than \$1,000,000 of individual and/or aggregate coverage and/or statutory limitation.
  - d. **Valley Expo & Displays and Show Management must be named as additional insureds.**
3. The exposition floor, aisles, loading docks, service and storage areas will be under the control of the Official Service Contractor, Valley Expo & Displays.
4. For services such as electrical, plumbing, telephone, and cleaning and drayage, no contractor other than the Official Service Contractor will be approved. This regulation is necessary due to licensing, insurance, and work done on equipment and facilities owned by parties other than the Exhibitor. Exhibitors shall provide only the material and equipment they own and is to be used in their exhibit space.
5. The Exhibitor Appointed Contractor:
  - a. Must agree to abide by all rules and regulations of the show, as outlined in this exhibitor kit, including all union rules and regulations.
  - b. Will share with Valley Expo & Displays all reasonable costs related to its operation, including but not limited to overtime pay for stewards, restoration of exhibit space to its initial condition.
  - c. Must furnish Show Management and Valley Expo & Displays with the names of all on-site employees who will be working on the exposition floor and see that they have and wear at all times necessary identification badges as determined by Show Management.
  - d. Shall be prepared to show evidence that it has a valid authorization from the Exhibitor for services. The exhibitor Appointed Contractor may not solicit business on the exhibit floor.
  - e. Must confine its operations to the exhibit area of its clients. No service desks, storage areas, or other work facilities will be located anywhere in the building. The show aisles and public space are not a part of the Exhibitor's booth space and must be kept clear.
  - f. Shall provide, if requested, evidence to Valley Expo & Displays that it possesses applicable and current labor contracts and must comply with all labor agreements and practices. The Exhibitor Appointed Contractor must not commit or allow to be committed by persons in its employment any acts could lead to work stoppages, strikes, or labor problems.
  - g. Must coordinate all of its activities with Valley Expo & Displays.
  - h. Must comply with all reasonable rules and regulations of the venue, Show Management and Official Service Contractor in order to create a safe work environment. A failure to do so can result in a delay or termination of your right to continue if the condition cannot be corrected.
6. All information must be received by Valley Expo & Displays' office no later than 30 days prior to the first day of move-in.

**Authorization To Provide Freight Services:** By completing the Freight Handling Order Form, it is understood that Valley Expo & Displays and its subcontractors do not automatically insure materials, that insurance, if any, shall be arranged by the Exhibitor and the amounts payable to Valley Expo & Displays for drayage services are based on the value of the material handling services and the scope of Valley Expo & Displays liability as herein set forth. The amounts payable to Valley Expo & Displays are unrelated to the value of the Exhibitor's property being handled by Valley Expo & Displays or its subcontractor. It is impractical and extremely difficult to fix the value of each shipment handled by Valley Expo & Displays or its subcontractors. It is agreed therefore that if Valley Expo & Displays or its subcontractors should be found liable for loss or damage to Exhibitor's materials, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum equal to 30 cents per pound per article, with a maximum liability of \$500 per item, or \$1,000 per shipment, whichever amount shall be less, as agreed upon damages bit as a penalty, and such agreed upon damages shall be the Exhibitors exclusive remedy. Exhibits left on exhibit floor without return instructions will be returned to our warehouse and held for disposition at an additional charge. Valley Expo & Displays will not be responsible for condition, count or content until such time as exhibits or materials are picked up for removal after the close of the exhibition.

Make certain all your material is properly insured against fire, theft and all hazards while in transit to and from your booth and for the duration of the exhibition.

**The Freight Handling Order Form must be completed and returned with payment to Valley Expo & Displays before exhibit freight will be handled!**

## International Fuel Ethanol Workshop & Expo 2017

### Minneapolis Convention Center, June 19 - 21, 2017

As the official service contractor, Valley Expo & Displays is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carrier. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight—either to the warehouse or directly to show site (if applicable).

#### Shipping to the Advanced Warehouse

- We may accept freight up to 30 days prior to show move-in. Please check the Freight Handling page for specific dates.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Shipping Information page. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor setup.
- Please call our Exhibitor Services Department at 877.332.4292 if you want to ship oversized material that requires special equipment to the warehouse.

#### Shipping to Show Site

- Please refer to the Shipping Information page for the specific dates and times direct freight will be accepted.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Certified weight tickets must accompany all shipments.

#### Prepaid or Collect Shipping Charges

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading "prepaid".
- "Prepaid" designates that the transportation charges will be paid by the exhibitor or a third party.

#### Labeling Your Freight

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the advance warehouse or show site is located on the Shipping Information page.

#### Estimating Material Handling Charges

- Charges will be based on the weight of your shipment. Each shipment received is considered separately. The shipment weight will be rounded to the next 100 lbs. Each 100 lbs. is considered one "cwt" (one hundred weight). All shipments are subject to reweigh.
- On the Freight Handling order form, select whether the freight will arrive at the warehouse or be sent directly to show site (if applicable).
- Next, select the category that best describes your shipment. There are three categories of freight:
  - Crated:** material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
  - Special Handling:** material delivered by the carrier in such a manner that it requires additional handling, such as ground loading, stacked or constricted space, unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, carpet or labor to unload. **Federal Express, UPS Ground, and DHL** are included in this category due to their delivery procedures.
  - Uncrated:** material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.
- Add overtime charges for inbound if material is delivered to the booth during the overtime period. This includes both warehouse and show-site shipment.
- Add overtime charges for outbound if material is loaded onto the outbound carrier during the overtime period.
- Add the late delivery charge listed on the Freight Handling order form if material is loaded onto the outbound carrier during the overtime period.
- Add the late delivery charge listed on the Freight Handling order form if the shipment is accepted at the warehouse or at show site after the deadline date.
- Shipments received without receipts or freight bills, such as UPS and Federal express, will be delivered to the booth without guarantee of piece count or condition.

#### Empty Containers

- Pick up "Empty Labels" at the Valley Service Desk. Place a label on each container. Labeled containers will be picked up periodically and stored in a non-accessible storage during the show.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

#### Protecting Materials

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show-time between your departure and the actual pickup of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

#### Shipping Materials After the Close of Show

- Each shipment must have a completed Bill of Lading in order to ship materials from the show. All pieces must be labeled individually. Bill of Ladings are available at the Valley Service Desk at show site.
- After materials are packed, labeled and ready to be shipped, the completed Bill of Lading must be turned in at Exhibitor Services. Do not leave this in your booth with your shipment.
- Call your designated carrier with pick-up information. Please refer to the General Information page for specific dates and times. In the event your carrier fails to show on final move-out day, your shipment will be rerouted to Valley Expo & Displays' carrier of choice at exhibitor's expense.
- For your convenience, the show-recommended carrier may be on site to handle outbound transportation.

**SPECIAL  
HANDLING**

## International Fuel Ethanol Workshop & Expo 2017

### Minneapolis Convention Center, June 19 - 21, 2017

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground loading, constricted space loaded, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment to unload, sort and deliver.

#### **Ground Loading/Unloading**

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not at dock level, etc.

#### **Constricted Space Loading/Unloading**

Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer—top to bottom, side to side. One example of this is freight loaded down one side of a trailer that must be by-passed to reach target freight.

#### **Designated Piece Loading/Unloading**

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit the trailer that must be loaded in a sequence to ensure all items fit.

#### **Stacked Shipments**

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

#### **Shipment Integrity**

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

#### **Alternate Delivery Location**

Alternate Delivery Location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building or to other buildings in the same facility.

#### **Mixed Shipments**

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Valley defines special handling for mixed loads as having less than 50% of the volume as uncrated.

#### **No Documentation**

Shipments arrive from a small package carrier (including, among others, Federal Express, UPS Ground, Airborne Express and DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

#### **Carpet Only Shipments**

Shipments that consist of carpet and/or carpet padding only require special handling because of additional labor and equipment to unload.

#### **Crated vs. Uncrated Shipments**

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly stacked skids. An uncrated shipment is material that is shipped loose or pad wrapped, and/or unskidded without proper lifting bars and hooks.

**FREIGHT  
HANDLING**

## International Fuel Ethanol Workshop & Expo 2017

### Minneapolis Convention Center, June 19 - 21, 2017

**This Freight Handling Form must be completed and returned with payment to Valley Expo & Displays before your freight will be handled.** Immediately upon shipping, please forward a copy of your freight bill of lading to us. Exhibitor shipments by carriers not giving delivery receipts or bill of lading, such as UPS, FedEx or US Postal Service, will be accepted and delivered to your booth space with no guarantee of piece count or condition. No liability whatsoever will attach to Valley Expo & Displays for those shipments. Valley Expo & Displays assumes no liability for lost or damaged items stored during any event.

#### FREIGHT HANDLING SERVICES

- Crated:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- Special Handling:** Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. **Federal Express, UPS, Airborne Express & DHL** are included in this category due to their delivery procedures.
- Uncrated:** Material that is shipped loose or pad-wrapped, and/or skidded machinery without proper lifting bars or hooks.
- Surcharge:** All material delivered to your booth after 5PM on June 18 & Noon on June 19 are subject to a 20% surcharge.

#### WAREHOUSE SHIPMENT (200lbs. Minimum Per Shipment)

Valley is unable to receive flatbed shipments or any single piece weighting over 5,000 pounds at the Advance Warehouse.

**Special Note:** Shipping to the Advanced Warehouse will ensure your move in goes smoothly and stays within the move in times of 8am-5pm on June 18 and 8am-noon on June 19 and to avoid additional surcharges outside of these move in times.

**Outbound shipments from your booth:** Exhibitor routings on outbound shipments will be honored when possible. However, we reserve the right to reroute as necessary. All outbound shipments must be tendered with a Bill of Lading. If you prefer to assign your own carrier to handle outbound shipping, you must have your carrier check-in by the designated time. Copies of any outbound shipping forms should be left at our service desk. In the event the designated carrier fails to pick up by the specified time, such shipments will be rerouted by Valley Expo & Displays. Specified (freight force) time can be obtained at the Valley Service Desk or by calling customer service.

**\*\* In any event, do not simply abandon your freight! Our representative on site must be given the appropriate paperwork and outbound shipping instructions\*\***

## EVENT LABOR

# International Fuel Ethanol Workshop & Expo 2017

Minneapolis Convention Center, June 19 - 21, 2017

ADVANCED PRICE DEADLINE:  
May 26, 2017

**Display Installation:** To ensure prompt and efficient processing of your labor request for installation and dismantling of displays, please review the information on this page carefully, and contact us if you have any questions.

All installation and dismantling will be performed by qualified personnel in compliance with any applicable labor contracts. If you wish to hire Valley Expo & Displays to perform this work, please complete this form, and return it with payment to Valley Expo. **Orders with payment in full must be received by May 26, 2017, for Advance Prices.** All floor orders subject to availability of labor at the show site.

**A minimum charge** of one hour per man will apply to all labor orders, with the time commencing upon assignment of labor in accordance with your order. **IT IS IMPORTANT, THEREFORE, THAT YOU CHECK IN AT THE VALLEY EXPO & DISPLAYS SERVICE DESK TO PICK UP THE LABOR YOU HAVE ORDERED, AND TO RETURN THOSE PEOPLE TO THE SERVICE DESK UPON COMPLETION. IF YOU FAIL TO PICK UP LABOR YOU HAVE ORDERED, A ONE HOUR PER MAN NO-SHOW CHARGE WILL APPLY.**

**Surcharge:** All work performed during move in times of 8am-5pm on Sunday, June 18th and 8am-noon Monday, June 19th will be done at the hourly rate below. All work performed outside of these times will be subject to a 20% Surcharge.

**Supervision:** If Valley Expo personnel are to perform work without your supervision, please forward all necessary instructions, drawings or diagrams in advance with this order. We add a 25% supervision fee.

**Requested Starting Time** can only be guaranteed at the start of the working day (8:00AM), or the official beginning of set up, if later in the day. We will make every attempt to provide labor at times subsequent to 8:00 AM (or start of official set up), however such starting time must be approximate since labor is assigned to jobs at the start of the day, and it is impossible to gauge completion times of the first job assignments.

**Authorization to Provide Labor Services:** By completing the Event Labor Form, it is understood that Valley Expo & Displays and its subcontractors do not automatically insure materials, that insurance, if any, shall be arranged by the Exhibitor and the amounts payable to Valley Expo & Displays for labor services are based on the value of the services rendered and the scope of Valley Expo & Displays' liability as herein set forth. The amounts payable to Valley Expo & Displays are unrelated to the value of the Exhibitor's property being handled by Valley Expo & Displays or its subcontractors. It is impractical and extremely difficult to fix the value of each item handled by Valley Expo & Displays or its subcontractors. It is agreed therefore that if Valley Expo & Displays or its subcontractors should be found liable for loss or damage to Exhibitor's materials, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum less than or equal to the charges for services rendered as agreed upon damages bit as a penalty, and such agreed upon damages shall be the Exhibitors exclusive remedy.

 WORK RULES**

## International Fuel Ethanol Workshop & Expo 2017

**Minneapolis Convention Center, June 19 - 21, 2017**

**Minneapolis, MN**

To assist you in planning your participation in your Minneapolis show, we are certain you will appreciate knowing in advance that union labor will be required for certain aspects of your exhibit handling.

The following guidelines will help you in preparing your exhibit to conform to union jurisdiction.

### **GENERAL INFORMATION**

All exhibiting company representatives are allowed to unload, install and dismantle the exhibits of that exhibiting company. Exhibitors must first check in with the Traffic Director. Exhibitors will then be directed to an area.

All Commercial vehicles (van lines, common carriers, air freight and display houses) must be handled by Valley Expo & Displays.

Exhibitors are allowed to unload and reload their own vehicles, but may not use motorized equipment, i.e., forklifts.

Valley Expo & Displays will not loan out any equipment to those loading and unloading their own equipment.

The transporting of equipment, exhibit materials, two-wheelers, etc., during move-in and move-out through glass doors is prohibited.

### **UNION PERSONNEL**

Union personnel are available through Valley Expo & Displays for erection and dismantling of your exhibit. You, the exhibitor, are allowed to install and dismantle your booth provided you use your own bona fide company employees. Outside storefront labor is not allowed. If you choose to hire labor, you must obtain union personnel through Valley Expo & Displays, the official contractor.

If you choose to use an exhibitor appointed contractor, please refer to the E.A.C. section of this service kit.

### **FIRE AND SAFETY**

- All table coverings and display materials must be fire resistant. All displays and exhibits are subject to inspection by the Minneapolis Fire Department.
- Storage of empty container in the Exhibit Hall is absolutely prohibited. Arrangements must be made with Valley Expo & Displays to store empty crates.
- Written authorization is required by Show Management and the Minneapolis Fire Department for any electrical, mechanical or chemical devices which may be deemed hazardous by the Minneapolis Fire Department.

### **GRATUITIES**

Our Work Rules prohibit the SOLICITATION of tips by any of our employees. Our employees are paid excellent wages denoting a professional status and we feel that tipping is not necessary. Should you be SOLICITED for a tip, please report the incident to our Exhibitor Services Center as soon as possible.

# Network Security Declaration

Center: Minneapolis CC (024) - MN

Company Name: \_\_\_\_\_

Show: \_\_\_\_\_

Booth / Room #: \_\_\_\_\_

Customer / Ref #: 2017 - 024 -

The Network Security Policy implemented for this Facility requires Customer(s) adherence to several necessary precautions in order for Smart City to maintain a healthy, viable network for all Customers. This declaration of compliance with the security requirements as noted herein is an acknowledgement of Smart City's filtering policies and must be completed, signed by an authorized Customer representative and mailed or faxed to Smart City prior to the requested network service(s) being activated for Customer's usage.

## Network Security Policy:

Smart City requires that all devices directly or indirectly accessing Smart City's network(s) have the latest virus scan software, Windows® security updates, system patches, and any other technological precautions necessary to protect the Customer(s) and others from viruses, malicious programs, and other disruptive applications. Any device(s) which adversely impacts Smart City's network(s) may cause service interruptions to Customer(s) which can lead to disconnection of the Customer's equipment from the network(s), with or without prior notice at Smart City's sole discretion. The device(s) in question will remain disconnected until all issues are adequately resolved. All charges will apply and no refunds will be given. Additional charges may apply for trouble diagnosis and / or problem resolution.

Smart City has implemented filtering policies on all Internet routers. These filters block all inbound Internet Control Message Protocol (ICMP) -- Ping, Traceroute, etc. -- destined to any Smart City Network(s). Smart City understands that Ping and Traceroute are valuable troubleshooting tools; therefore Smart City's Policy does allow ICMP (Ping & Traceroute) packets sourced from any Smart City network(s).

Further, to avoid infection by common Internet worms (Nachi, MSBlaster, LoveSAN, etc.), Smart City has implemented similar filters on the following TCP and UDP port numbers: UDP – 137, 138, 402, 1434 and TCP – 135, 139, 402, 445, 4444.

Customers requiring inbound or outbound access to any of the filtered ports, should contact a Smart City customer service representative in advance of the event with details of the specific requirements so that Smart City may consider the potential of a customized alternative.

Each Customer's business is important to Smart City and with advanced and timely notification of a Customer's needs we are confident that we can provide network services that perform as expected for all clients.

# Floor Plan – Communications Cable

Center: Minneapolis CC (024) - MNCompany Name: ABC EXAMPLE COMPANYShow: ABC EXAMPLE SHOWBooth / Room #: 1234Customer / Ref #: 2017 - 024 - XXX - XXXX

**Voice and Data communications cabling.** Smart City is the **exclusive installer** of Voice and Data communications cabling. Smart City provides cabling to booths, within booths (under carpet and flooring) and from booth-to-booth. Fiber Optic, twisted pair (Category 3, 5 and 6), coaxial and all other data and telecommunication cable fall under Smart City's area of expertise.

**IMPORTANT!!** Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us. You may use a different floor plan for each service group (Telephone, Internet, etc.) or combine all services on one floor plan. For a floor plan to be considered complete it **must** include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).

**X** = Main Distribution Location (**MDL**) – The originating line(s) for service, whether from overhead, a floor pocket or a column, will be delivered to a “**MDL**” before being distributed within your booth. Example: Storage area, back of booth, etc. (unless specified, the default for the “**MDL**” will be the back of the booth or at Smart City’s discretion, the most convenient location). All distribution of services to their final destination within the booth will originate from the “**MDL**”. A per line move fee will apply to relocate services within your booth after they have been engineered and / or installed.

**T** = Location of Telephones, Fax lines or other telecommunications equipment “**T**”.

**I / H / PC / C** = Location of primary Internet Service “**I**”, Hubs “**H**”, Patch Cables “**PC**” and / or Computers “**C**”. For Smart City to perform your floor work, you will need to indicate the location of each item you want cabled. Make sure to order your floor work, hubs, and patch cables early and in advance of the show moving in.

**Orientation** = The Booth or Aisle #'s surrounding your booth. A minimum of one surrounding Booth or Aisle # is required (two or more would be more helpful) for Smart City to accurately install your services.

**Size** = Booth dimensions (example 10x10) 20 x 20 . **Scale** = 1 Box is equal to 2 ft.

# Increase Your ROI By Using Lead Retrieval Services

2017 International Fuel Ethanol Workshop & Expo

Powered by the **ETHANOL CONNECT APP**

## Lead Retrieval Benefits

Generate more  
leads from event

More face-to-face  
conversations

Higher return on  
your investment

Rate your leads  
and form a strong  
pipeline

Add notes about  
your lead for more  
accurate follow up

## How It Works

### Onsite Booth Lead Retrieval

Unlimited number of Booth staff can scan the badge of an attendee using the Ethanol Connect app on their smartphone. (Available at App Store and Google Play)

### Active Internet Connection Not Necessary

Lead scanning app works offline or online

### Activity Report

Admin can see which staff member scanned a specific badge

**Investment: Only \$400.00**
